

Brian Everton

President and Owner, Design For All Inc.

Brian Everton BID PIDIM IDC LEED AP - a Professional Interior Designer who has also completed postgraduate studies in industrial design and business management. Brian has specialized in the areas of functional design for the built-environment and products with respect to the issues of disabilities, aging and universal design for over 30 years. From 2009 to 2025, he was a member of the standing committee for Part 3 of the National Building Code of Canada and the Task Group responsible for the accessibility requirements in the code. He has also contributed to several other accessibility-related building code and standards regulatory committees at both provincial and national levels.

His consulting firm, Design For All Inc., has consulted on a variety of projects that range in scale from single-family dwellings, to major architectural developments such as the Winnipeg Airport Redevelopment, and the Canadian Museum for Human Rights. This work is often based upon working with a broad range of stakeholder groups including people with disabilities, advocacy organizations, design and engineering professionals, contractors, and accessibility-related product vendors.
